

Place above light switch panels

Hit every switch in your workplace

Even if lights are on timers, these draw attention to additional energy savings opportunities

**S1: Light Switch Reminders**

Place in lower right-hand corner of mirrors

If multiple sinks in a row, place between sinks instead of at every

Remind team of housekeepers not to remove clings

**S2: Water Conservation Clings**

Hang in any widely used public space

(Ex: break room, kitchenette, near building exits)

Hang with painters-tape or poster mounts to avoid damaging walls

**S3: Public Transit Poster**

Place above elevator button panel or to side of panel if need be

If your workplace only occupies part of the building, check with other occupants before posting

**S4: Earn Your Steps Sign**
