

Health System Committee on Sustainability

CHAIR: Corey DiLuciano

Overview

Promoting and encouraging the goals of the CoS into the Health System environment.

Goals or Projects

- Formalize the relationship/role of the Health System committee on Sustainability and how it fits into the larger picture.
 - FY20 is focused on the Engage pillar of the CoS
 - Formalizing sustainability committee format, and involving those who want to encourage change
 - Formalize and promote “Front Line” efforts to increase environmental impacts
 - Increase recycling awareness on recycling containers and products able to be taken
 - Improve recycling in main hospital cafes.
 - Install and promote hydration stations in cafes and patient units to help decrease plastic impact on the environment.
 - Explore feasibility of a decrease to our plastic impact by switching to different fork/knife/spoon.
-

Yearly Progress Update

Met with Dana, Andrea, and Nina on vision of the program

Reviewed current front line initiatives, and met with other Health System personnel interested in getting involved

Working with UVA Recycling on café signage and implementation of more recycle bins in main hospital cafes. Target implementation Quarter 2 of FY 20

Working with UVA marketing on partnering with signage to use throughout the hospital to educate and engage patient care units on what can be recycled. Target implementation Quarter 2 of FY 20
